Getting primary care services under the Primary Care Plan

Find out how to get primary care services under the Primary Care Plan (PCP) and search the list of medical centres and clinics.

What services does PCP cover

PCP covers your eligible workers for primary care services such as:

- One statutory **medical examination** for work pass application or renewal.
- Unlimited consultations for acute conditions such as flu and fever, and chronic conditions such as hypertension and diabetes.
- One annual basic health screening for at-risk workers.
- Telemedicine and medication delivery.
- Scheduled transportation to and from dormitories and MOM medical centres. This would be prioritised for workers who are reporting sick at MOM medical centres, and excludes routine specialist appointments.
- Ambulance or special transport services to other medical facilities (e.g. emergency department), if necessary.

How to see a doctor under PCP

Eligible workers can seek medical attention via telemedicine or at medical centres.

By telemedicine - video call a doctor

Appointments	Telemedicine is available 24 hours a day for non-urgent or after work hours consultations via FWMOMCare . Find out how to make an appointment with the AO .
How much the worker pays	\$2 (excluding GST) for each telemedicine service.

By visiting a medical centre

Appointments	To see a doctor at a medical centre, your worker needs to do the following: <ol style="list-style-type: none"> 1. Make an appointment by calling the appointment hotline of a medical centre under their Anchor Operator. 2. Take the arranged transport to the medical centre. If the worker is staying in a dormitory, the Anchor Operator will arrange for transport to take them from the dormitory to the medical centre and back. <p>Note: Masks need to be worn at medical centres or GP clinics.</p>
How much the worker pays	\$5 (excluding GST) for treatment at the medical centre.

Tip

Workers who are not covered under a PCP still have [options for getting medical help](#).

Find a medical centre

To find out which medical centres your worker can visit, select from the options below based on your worker's zone or the first 2 digits of their residential postal code.

Note: All medical centres are **closed on public holidays**. The types of medical centres include:

- Medical centres for migrant workers (MCMWs) in each zone
- On-site medical centres (OMCs)/Designated clinics in each zone
- Designated clinics islandwide
